

## About Judson Hospice

We are licensed by the State of Ohio and accredited by the Accreditation Commission for Health Care (ACHC). ACHC is a not for profit accreditation organization that has been a leader in hospice accreditation and a deeming authority by the Center for Medicare and Medicaid (CMS) which ensures that our hospice meets both state and national regulatory standards.

Judson Hospice is an extension of Comfort Matters®, which offers a holistic and integrated approach to improve quality of care and the quality of life for persons with dementia. The program is customized to meet the resident's needs and support the family and loved ones.

# Compassionate Care in the Final Stage of Life.

At Judson Hospice, we focus on the physical, emotional and spiritual needs of the resident to ensure each day is comfortable and lived to its fullest.

Our Judson Hospice program is an integral part of the continuum of care services offered to Judson residents and allows for end of life care in familiar surroundings with greater flexibility and resources. Residents receive hospice services and support from our aides and from Judson residents who volunteer to visit. This provides quiet social interaction and demonstrates our community's strong bond. Our Hospice program is dedicated to Judson residents only and is immediately accessible.

## JUDSON HOSPICE IS AVAILABLE WHEN:

- It is approved by a physician
- The resident/family/caregiver desires hospice services
- The resident has a life expectancy of 6 months or less
- The resident/family is aware of the prognosis
- Treatment is for relief of symptoms, easing pain and offering support

When this is the case, engaging with Hospice earlier will allow the team of resident, family and caregivers time to create a plan that is in the best interest of the resident. During this sacred time, our interdisciplinary team of specialized healthcare professionals provides excellent hospice care while enhancing comfort, dignity, choice and quality of life.
